WHAT WE WANT TO LEARN FROM SOLOMON	That this guy is known as the wisest man of all time, and the richest, but was very dumb – fooled by the wisdom of this world, miserable in the end!	Solomon started off in a messed up home – the odds were against him yet he turned out pretty good. How should a person grow up today!	Solomon started his rule right with a great love for God, His word, and was humble and hungry to please God, and was for a while mightily used of God – How to be a great 18 year old!	Solomon's failure came when he didn't keep up his relationship with God, and instead developed only relationships with women and things! How to STAY right with God!	Solomon is not the end all of wisdom – he is NOT the person we want to emulate. Jesus beats Solomon hands-down! We want to learn how to get the wisdom of Jesus!	Whatever changes and commitments we have made this week need to be settled today, and celebrated by a special graduation!
